Compliance Essentials

Skillcast Compliance Essentials is the UK's best-selling compliance e-learning library. It contains over 120 e-learning courses covering key compliance issues facing UK companies, such as AML, anti-bribery, cybersecurity, data protection, preventing harassment, and health and safety.

The courses feature real-life scenarios to prepare employees for fulfilling their compliance responsibilities and acting with integrity. They are available in several styles, ranging from in-depth to refresher and express, to suit the needs of various employee groups.

All the courses in the Compliance Essentials Library are ready to roll out 'as-is' or can be customised easily to your business needs. Several of these courses are also accredited for CPD.

FCA Compliance

Skillcast is the leading supplier of compliance e-learning to firms regulated by the Financial Conduct Authority (FCA). Our FCA Compliance Library comprises over 80 courses covering high-level standards, business standards for all sectors, and thematic topics such as conduct risk, the Consumer Duty and fair treatment of vulnerable customers.

They also provide comprehensive coverage of the SM&CR regime and Conduct Rules. The content in these courses closely follows the FCA Handbook and is reviewed regularly by expert trainers and ex-regulators. The courses feature practice exercises, thorough assessments and affirmations to ensure that your staff are aware of and competent in applying the relevant rules.

Global Compliance

The Global Compliance Library covers key compliance topics applicable to numerous jurisdictions worldwide. These courses adopt a global perspective on best practices, focusing on principles rather than specific local regulations, and incorporate news articles and realistic scenarios that illustrate best practices for employees in any location.

These e-learning courses are available in English and nine other languages: Brazilian Portuguese, Chinese (Simplified), Dutch, French, German, Italian, Japanese, Polish, and Spanish. Clients typically customise these courses to align with their global policies and risks and retranslate them into these and other languages.

“Skillcast has truly transformed our approach to compliance training and tracking. Not only does it seamlessly manage our global company’s compliance requirements, but it also enhances employee engagement through its user-friendly interface and interactive content. What sets Skillcast apart is not just the platform itself, but also its exceptional customer service team. It’s been instrumental in streamlining our compliance processes and fostering a culture of proactive risk management, growth and development.”

Risk Management

Many of your colleagues need to manage risk, and any lack of understanding can impact your company's performance and survival. Creating a culture of risk awareness starts with embedding risk understanding across your company and equipping risk managers with the right training and tools.

The Global Risk Library is a collection of e-learning courses designed by experts to enhance your staff's fundamental understanding of risk and risk management, and its application in various physical and operational contexts. The courses are IIRSM-accredited and are an excellent resource for teaching your staff about risk fundamentals and application.

"The Skillcast courses are well-designed and instructive, with a wide range of topics available. The support received from the Skillcast team was excellent - very professional and responsive"

Insurance Compliance

"Skillcast is the leading supplier of compliance e-learning to the UK financial services sector, including insurance firms.

Our Insurance Compliance Library comprises over 60 courses covering principles of insurance, ICOBS and conduct topics, including the Customer Duty, fair treatment of vulnerable customers and the SM&CR.

These courses closely follow the FCA Handbook and guidance and are reviewed regularly by trainers and ex-regulators. In-course exercises and assessments ensure that your staff are aware of and competent in applying the relevant rules."

"Skillcast is a great platform to use for compliance e-learning. The staff found the courses informative and engaging. There is a wide range of compliance-related topics in the libraries. The LMS is easy to use, and provides reports to track staff progress, which is a helpful feature"

EU Compliance

"The EU Compliance Library is built to simplify staff compliance training across multiple languages in the EU. It contains over 35 in-depth and microlearning courses that cover key compliance topics for all industry sectors, including anti-money laundering, competition law, cybersecurity, data protection/GDPR, market abuse, and responsible use of AI.

All the courses in this library are ready to roll out 'as-is', but they are also easy to customise for your company. You can customise them yourself or retain Skillcast's expert e-learning developers to do it for you.

Available in French, German, Dutch, and English. Employees who prefer a different language from the one the company sets can switch with a single click. The text, exercises, assessments, videos, and subtitles in the courses switch automatically to the chosen language."

"We've had an excellent experience using Skillcast. The courses are well-structured and comprehensive, with a good balance of theory and practical examples"

Legal Sector

"Law firms operate in one of the most highly regulated professional environments. From the Solicitors Regulation Authority (SRA) Standards and Regulations to anti-money laundering (AML) and data protection, compliance isn't just a legal requirement - it's fundamental to client trust and your professional reputation.

Our e-learning courses help you ensure that your colleagues have a clear understanding of the relevant regulations and how they apply in your workplace. They use realistic scenarios to illustrate how staff at every level in the firm can apply the rules and regulations in their day-to-day work."

"Skillcast has been an excellent training partner for our investment management firm. Their LMS library offers a broad, high-quality range of training modules!"

Compliance Bites

The Compliance Bites Library comprises over 150 microlearning modules, designed to enhance your compliance e-learning. They cover a wide range of regulatory topics and compliance issues and require no customisation. Each 'bite' provides employees with concise, impactful compliance insights. Their video format and compelling storylines make training more engaging and effective.

Compliance Bites can be used as periodic reminders after in-depth training on a topic to improve knowledge retention. They can be used for just-in-time training and nudge learning in combination with 'Question of the Day' campaigns.

"It's been a very positive experience for me. The videos make training easier to follow, it's much quicker to learn things, and overall it takes up less of my time. So well done on this new format - it gets a thumbs up from me "

About us

We help companies foster compliance awareness and encourage their employees to act with integrity. Our offering includes bespoke e-learning content development, a comprehensive library of ready-made courses, and a digital platform purpose-built for compliance training. More than 1,500 companies rely on our digital products each year to deliver millions of learning interventions.

Our SaaS portal streamlines GRC management by integrating learning content, activity tracking, policy management, and compliance submissions. By developing all technology and content in-house, we deliver tailored solutions that empower firms to simplify staff compliance, meet regulatory requirements efficiently, and minimise risk. Clients benefit from both custom e-learning and our extensive course libraries, using our platform to support their compliance training needs year after year

“Everybody at Skillcast works towards a common goal: to give businesses exactly what they need to succeed in compliance management. With our technology and expertise, we help to build ethical and resilient workplaces and play a key role in creating a more compliant business landscape.”

*Vivek Dodd, CEO
